Q: What if I purchase a ticket to the wrong performance?

A: Please be aware that ***all ticket sales are final. There are no refunds.*** Please verify which performance your child is performing in prior to purchase. The show date, time, and location are listed at the top of the screen during seat selection and in your shopping cart throughout the entire purchase process. If however, the tickets are still for the wrong performance, you may exchange your tickets up until June 1st. Please contact us via phone or email: admin@shovation.com. Q: Why do I need to create a patron account?

A: A patron account is created so that your tickets can be billed and emailed to you accurately. You create a username and password so that you do not have to re-enter all of your information for additional purchases to the same or future events. It also allows you to **log in to Your Account at any time to view orders, print tickets**, and make additional purchases. You can add additional performance tickets to your order and click on the Shopping Cart tab. A patron address is required to verify credit card information and for the studio to mail any merchandise to you that you may have ordered. Please note that merchandise is not ordered for all events. At ShOvation, we have the highest level of internet and credit card information security. We are PCI Level 1 compliant; the highest available in the online ticketing industry. We do not sell your information to any third party or store your credit card number. We take security and privacy seriously.

Q: What if I forget my patron account password?

A: You can create a second account if you need to order immediately. Then contact ShOvation by phone or email: admin@shovation.com to have your password reset and accounts merged if applicable.

Q: What is the cut-off time to print tickets?

A: You are able to purchase and print tickets usually until show time (exact time determined by organization selling tickets), but it is highly recommended to ***purchase and print by the night prior to the performance.*** This allows ushers and studio staff to have your purchase registered on the printed seating manifest before your arrival. It also allows you and your entire party immediate admittance to the theater or seating area when the doors open, rather than waiting in line at will call to validate your ticket purchase. If you have a smartphone, show the usher your e-ticket(s) to enter the theater or seating area.

Q: My credit card is good, why am I getting an error message at check-out?

A: Please verify that the credit card number, expiration date, and CCV2 code are entered correctly. In addition, the zip code entered in your patron account needs to match the zip code on your credit card billing statement or it will be declined. This is for your protection.
